

# R3HAB & Elena Temnikova, Where You Wanna Be

where'd u wanna go?  
if you could name a place  
here to Tokyo  
would you go alone?  
would you come whit me?  
where you wanna be?

if you had one wish  
what would you ask for  
are you ready to  
open a new door?  
making memories  
would you share whit me?  
where you wanna be?

it's not too late to leave this town  
it's all ahead , don't turn around  
if we can feed this hunger now  
where you wanna be?

it's not too late to leave this town  
it's all ahead , don't turn around  
if we can feed this hunger now  
where you wanna be?

if you had one wish  
what would you ask for  
would you be the star  
everyone adores?  
would you say hallo  
would you share with me?  
where you wanna be?

if you had one wish  
what would you ask for  
are you ready to  
open a new door?  
making memories  
would you share whit me?  
where you wanna be?

it's not too late to leave this town  
it's all ahead , don't turn around  
if we can feed this hunger now  
where you wanna be?

it's not too late to leave this town  
it's all ahead , don't turn around  
if we can feed this hunger now
