

# R3HAB & Julie Bergan, Don't Give Up On Me Now

we live fast  
we're young and reckless  
all we had was time  
now you drive fast  
to the sound of the sirens  
the spark is gone in your eyes  
I was blind, didn't see you were hurting  
but all this time you tried  
so stay with me  
we can fight through violence  
I'll be right here tonight

don't you even think about giving up on me now  
don't you even think about walking out of my life  
everything I do, I do it for you  
I need you to stay, stay tonight  
don't give up on me now

I'll hold you close  
I'll be counting the seconds  
now all we need is time  
I wanna say those things that I never told you  
so don't leave me behind
