

# Rubber City Rebels, (I Wanna) Pierce My Brain

I wanna pierce my brain!  
I wanna pierce my brain!  
I wanna pierce my brain!  
I wanna pierce my brain!  
(AHHHHHHHHHHHHHH!!!)

I've got metal in my ears  
A dozen rings of steel  
My tongue is perforated  
And I love the way it feels  
My belly button and a nipple  
Don't forget my nose  
I'm running out of places  
Where a dude can poke some holes

I'm gonna pierce my brain!  
I'm gonna pierce my brain!  
I'm gonna pierce my brain!  
I'm gonna pierce my brain!  
(AHHHHHHH!!)

I went down to the piercing parlor  
Said they'd pierce my brain  
They said I won't survive it  
So it had to be prepaid  
I had to put them in my will  
I hope they're satisfied  
They made me write a little note  
It saying suicide

Don't wanna pierce my brain!  
Don't wanna pierce my brain!  
Don't wanna pierce my brain!  
Don't wanna pierce my brain!  
(AHH!!!)

I woke up with a headache  
And a bandage on my head  
I couldn't remember nothing  
About what I just did  
I don't regret my actions  
So don't go feeling sad  
'Cause I'm working at the airport  
Screening people's bags

I pierced my brain!  
I pierced my brain!  
I pierced my brain!  
I pierced my brain!  
I pierced my brain!  
I pierced my brain!  
I pierced my brain!  
I pierced my brain!
