

SB MAFFIJA, LTTN

[Refren: Maciej Kacperczyk & Janusz Walczuk]
Listen to the night (listen to the night)
It's the rule we can waste some time, I hate it
(Waste some time with me, waste some time with me)
And now we sing all night (now sing all night)
To your mom come waste some time with me
(Waste some time with me, waste some time with me)

[Zwrotka 1: Bedoes]
I can waste no time, I be on my grind still
But I got a couple hoes tryna get my mind sick
I'm an addict to the one though
Big bills, big cars, big dreams, bigger condo
I'm just tryna get my mind straight
No cookies, I'm just tryna get some nice cake
Ice break on this fake ass pussies
Run through the city like I'm busy
Run through the building like I'm Biggie
She just wanna licky on a titty but I'm late night cruisin'
And when she askin' for a lover
She just wanna hear me say: Yeah I do bitch
But I can date no hoe
Ima confront yo man he will know what to say no more
And this is how we mob
Shut the fuck up and listen to the fucking night

[Interludium: Bedoes]
You know man, we just tryna live forever
We're living to die and dying to live
You know that, right?
We're just simple guys
Pretty bitches, pretty eyes
Let's go
