

Selena Gomez, Trevor Daniel, Past Life

I am trying to be honest with my happiness
Don't know why I am bad at this

And I don't want to sit in all my sadness
I know it's a habit of mine

Perfect /2x
timing

I start, but I don't know how to end
don't re, don't remind me
I ruined it before it began

Last night was the last night of my past life
got me here like you can never figure me out
last night was the last time, was the last time
I will never let you figure me out
sitting here, talking to myself
thinking how I used to use to use you
only thing I am used to
last night was the last time, was the past life

Give me what I wanted I needed it
honestly, I mean it
and I could convince myself to feel it
you know I would feel it, I would
