

Sigma, Cry (ft. Take That)

I've been drowning in the river
Try to soothe my soul
Take me under, take me deeper
Than I choose to go
I can't see it any clearer
I said: Long ago!
Down here underneath the surface
You're my only hope

If you remember me everyone else can forget
Everyone else can forget
Tell'em I have nothing, nothing

Cause I'd rather go blind
Than watch you walk out of my life
Turn my face up to the sky
You know we all, we all, we all, we all cry
Heart on the line
For the love we left behind
I can't let you go this time
Now I know, I know, I know
You hear me cry, cry, cry, cry
I know, I know, I know you hear me

I've been waiting for the storm
To surrender my soul
Baby, in your holy water you lay me down

If you remember me everyone else can forget
Everyone else can forget
Tell them I have nothing, nothing

Cause I'd rather go blind
Than watch you walk out of my life
Turn my face up to the sky
You know we all, we all, we all, we all cry
Heart on the line
For the love we left behind
I can't let you go this time
And now I know, I know, I know
You hear me cry, cry, cry, cry
I know, I know, I know you hear me
Now I know, I know, I know
You hear me cry, cry, cry, cry
I know, I know, I know you hear me

I surrender, surrender, surrender, surrender, surrender
Cause I surrender
