

# Skrillex, Justin Bieber & Don Toliver, Don't Go

My Mona Lisa baby  
My master piece baby  
When I'm in pieces baby  
You give me peace of mind  
You tell me we'll be fine  
You always get me right  
When it's dark, you're my light

Baby that's why I need you on the regular  
And if it wasn't you no  
it'd never work  
Got me going out my way to show you what you're worth,  
Don't go

Don't go!

I put in the work to hear you say  
Don't go  
Missery missing your company  
Don't go  
See them pulling at you that way  
Don't go  
Thi sis where you supposed to be  
Don't go
