

Skylar Grey, Sideways

You're comin' at me sideways
Unless i just ain't seein' straight
Maybe i am too outta date
But you keep comin' at me sideways

Swerve to the left
Swerve to the right
Everyone coming at me from all sides

Dodging a bullet
Dodging a knofe
Maybe i am ttrippin'
This shit got me high as fuck

What do you want from me?
Do you want form me?
I can't tell you What do you want from me?

I get the feeling
That you really want something form mr
But you keep acting like
You don't want anything form me

You're comin' at me sideways
Unless i just ain't seein' straight
Maybe i am too outta date
But you keep comin' at me sideways
