

Stefania, LAST DANCE (Grecja, Eurowizja 2021)

My heart was born a radical
Electric and dynamical
I've never listened to the remedies
With no forevers, no eternities

Holding on beyond the night
For a shadow that feels right
Holding on beyond the night
To you

If the dreams we made
Are made of fire
I would give a life just to live the dream again
If our hearts are hanging on a wire
Let's forger the world below
And dance until the end

Let's dance
Our last dance
Rocking romance
This ain't our last dance

Let's dance

Holding on beyond the night
For a shadow that feels right
Holding on beyond the night
To you

If the dreams we made
Are made of fire
I would give a life just to live the dream again
If our hearts are hanging on a wire
Let's forger the world below
And dance until the end

Let's dance
Our last dance
Rocking romance
This ain't our last dance

Let's dance
This ain;t our last dance
