

# Stefania, LAST DANCE (Grecja, Eurowizja 2021)

My heart was born a radical  
Electric and dynamical  
I've never listened to the remedies  
With no forevers, no eternities

Holding on beyond the night  
For a shadow that feels right  
Holding on beyond the night  
To you

If the dreams we made  
Are made of fire  
I would give a life just to live the dream again  
If our hearts are hanging on a wire  
Let's forger the world below  
And dance until the end

Let's dance  
Our last dance  
Rocking romance  
This ain't our last dance

Let's dance

Holding on beyond the night  
For a shadow that feels right  
Holding on beyond the night  
To you

If the dreams we made  
Are made of fire  
I would give a life just to live the dream again  
If our hearts are hanging on a wire  
Let's forger the world below  
And dance until the end

Let's dance  
Our last dance  
Rocking romance  
This ain't our last dance

Let's dance  
This ain;t our last dance
