

# Sylvia Wysocka, Don't Call Me Up

When I'm underneath the bright lights  
When I'm tryin' have a good time  
'Cause I'm good now you ain't mine  
Naw nah nah nah, don't call me up

When you're looking at my photos  
And getting hot, losing control  
You want me more now I let go  
Naw nah nah nah

I'm over you and I don't need your lies no more  
'Cause the truth is without you, boy, I'm stronger  
And I know it's sad that I changed, have a cold heart  
But it was your game that left scars, ooh  
I'm over you

Don't call me up  
I'm going out tonight  
Feeling good now you're outta my life  
Don't wanna talk about us  
Gotta leave it behind  
One drink and you're outta my mind

Naw nah, take it up  
Baby, I'm on a high  
You're alone, going out of your mind  
But I'm here out in the club  
And I don't wanna talk  
So don't call me up

'Cause I'm here looking fine, babe  
And I got eyes looking my way  
And everybody's on my vibe, babe  
Naw nah nah nah, don't call me up

My friends said you were a bad man  
I should have listened to them back then  
And now you're tryna hit me up again  
Naw nah nah nah

I'm over you and I don't need your lies no more  
'Cause the truth is without you, boy, I'm stronger  
And I know it's sad that I changed, have a cold heart  
But it was your game that left scars, ooh  
I'm over you

Don't call me up  
I'm going out tonight  
Feeling good now you're outta my life  
Don't wanna talk about us  
Gotta leave it behind  
One drink and you're outta my mind

Naw nah, take it up  
Baby, I'm on a high  
You're alone, going out of your mind  
But I'm here out in the club  
And I don't wanna talk  
So don't call me up

Don't call me up  
So don't call me up  
Don't call me up

I'm over you and I don't need your lies no more  
'Cause the truth is without you, boy, I'm stronger  
And I know it's sad that I changed, have a cold heart  
But it was your game that left scars, ooh  
I'm over you

Don't call me up  
I'm going out tonight  
Feeling good now you're outta my life  
Don't wanna talk about us  
Gotta leave it behind  
One drink and you're outta my mind

Naw, nah, take it up  
Baby, I'm on a high  
You're alone, going out of your mind  
But I'm here out in the club  
And I don't wanna talk  
So don't call me up
