

# TIMO ODV, Save Me (ft. Sarah Jackson)

I haven't done anything lately,  
instead I think of you,  
dream of you nightly.  
Time went so fast it's driving me crazy.  
What would I do?  
What would I be without you baby.

I don't wanna be alone,  
won't you come and save me?

I'd just rather be with you,  
won't you come and save me?

Save Me

You're love's got me spinnin' round in circles,  
Got me spinnin' round in circles baby.  
I don't wanna be alone,  
won't you come and save me?

I'd just rather be with you,  
won't you come and save me?

Save Me

I haven't been anywhere lately,  
I'm sitting around thinking 'bout you daily.  
Time's flyin' by, it's driving me crazy.  
Where am I now?  
Why don't you find me baby.

I don't wanna be alone,  
won't you come and save me?

I'd just rather be with you,  
won't you come and save me?

Save Me

You're love's got me spinnin' round in circles,  
Got me spinnin' round in circles baby.  
I don't wanna be alone,  
won't you come and save me?

I'd just rather be with you,  
won't you come and save me?

Save Me

Won't you come and Save Me?

I'd just rather be with you,  
won't you come and save me?
