

Tom Grennan, Here

I'll, I'll be here for you
I'll, I'll be here for you

If they're gonna take you from me
They better bring a whole army
You know I'll fight back the sea
No, there's no wave that can stop me

When the sky turns black, I'll be the light you need
I'll go to hell and back, I'll be your remedy
And God, I have no doubt, I'll do it endlessly
With every breath I breathe

You know that I'll be, you know that I'll be
Here, here for you
You know that I'll be, you know that I'll be
Here, here for you
You know that I'll be, you know that I'll be

I'll, I'll be here for you
I'll (You know that I'll be), I'll be here for you (You know that I'll be)
I'll always be near to you
You know that I'll be, you know that I'll be here

I could drown out the smoke when every wildfire's blazing, yeah
Turned this broken home into something amazing

When the sky turns black, I'll be the light you need
I'll go to hell and back, I'll be your remedy
And God, I have no doubt, I'll do it endlessly
With every breath I breathe

You know that I'll be, you know that I'll be
Here, here for you
You know that I'll be, you know that I'll be
Here, here for you
You know that I'll be, you know that I'll be

I'll, I'll be here for you
I'll (You know that I'll be), I'll be here for you (You know that I'll be)
I'll always be near to you
You know that I'll be, you know that I'll be here

If you're in trouble, I'm running
Trust me I'm running, yeah, I'll be
You know that I'll be, you know that I'll be
All that is loving and trust me
Nothing can stop me 'cause I'll be
You know that I'll be, you know that I'll be

Here, here for you
You know that I'll be
Here, here for you
You know that I'll be, you know that I'll be

I'll, I'll be here for you
I'll (You know that I'll be), I'll be here for you (You know that I'll be)
I'll always be near to you
You know that I'll be, you know that I'll be here
