

Tom MacDonald, Fake Woke

I think it's crazy
I am the one who
The labelled as cntroversial
And Cardy B is the role model for 12 year old girls
Thet;s rappers pushing Xanax at the top of the Bliboard
But if i mention race in a song
I am cared i'll get killed for it

It's backwards
It's getting exponentially dumb
It;s more difficult to get a job that purchase a gun
Eminem used to gay bash and murder his mom
Sand how he doesn't want fans if they voted for Trump?

We are ashamed to be American
You shpuld proably love it!
