

TONES AND I, WON'T SLEEP

We like to party
Sleep around with secrets
Grab somebody
But don't go tell your mama
'cause she won't sleep
she won't sleep
she won't sleep
she won't sleep
Sleep around with secrets
Grab somebody
But don't go tell your mama
'cause she won't sleep
she won't sleep
she won't sleep
she won't sleep

they say you're never too young for a party
they say you're never too young, come and play
No one cares if you're nice or you're naughty
You'll still get presents on Christmas Day
You know you're never too old for kingdom
Cause the kingdom's in your veins
I am not a queen
But you know that I am the kingpin
If you're a freak, then come and play

(If you're a freak, then come and play)

We like to party
Sleep around with secrets
Grab somebody
But don't go tell your mama
'cause she won't sleep
she won't sleep
she won't sleep
she won't sleep
Sleep around with secrets
Grab somebody
But don't go tell your mama
'cause she won't sleep
she won't sleep
she won't sleep
she won't sleep

They say you're never too tired for the weekend
Cause the weekend's all we crave
No one knows who we are when we pretend
Cause all our secrets sound the same
And when you're all messed up from the comedown
Swear you'll never go back there again
You hear a voice in your head as you lay down
If you're a freak then come and play

(If you're a freak, then come and play)

We like to party
Sleep around with secrets
Grab somebody
But don't go tell your mama
'cause she won't sleep
she won't sleep
she won't sleep
she won't sleep
Sleep around with secrets

Grab somebody
But don't go tell your mama
'cause she won't sleep
she won't sleep
she won't sleep
she won't sleep

Don't go twll youe mother
Cause she won't sleep
Don't go twll youe mother
Cause she won't sleep
Don't go twll youe mother
Cause she won't sleep
Don't go twll youe mother
Cause she won't sleep
Don't go twll youe mother
Cause she won't sleep
