

Tove Lo, Influence (ft. Wiz Khalifa)

First line, take mine; I'm fine as fuck
Love myself tonight and I think you can feel the same
Moonshine, good time; babe, you're in luck
Cause I will do whatever comes to mind, you'll go insane

Things I say don't usually come easily
There's one thing I need you now to know about me

You know I'm under the influence
So don't trust every word I say, I say
When I'm under the influence
It's a blur, but I want my way, my way
You know I'm under the influence
So don't trust every word I say, I say
Sounds good without making sense
It's a blur, but I want my way, my way
When I'm under the influence

Take off, liquor
I feel the beat
Hold onto the floor but I keep spinning round and round
Swing me, baby, back on my feet
Hiding in the crowd; we're making love without a sound

Things I say don't usually come easily
There's one thing I need you now to know about me

You know I'm under the influence
So don't trust every word I say, I say
When I'm under the influence
It's a blur, but I want my way, my way
You know I'm under the influence
So don't trust every word I say, I say
Sounds good without making sense
It's a blur, but I want my way, my way
When I'm under the influence

Boy meets, boy meets, girl meets, girl
This is the best place in the World,
/3x
