## Tove Lo, Influence (ft. Wiz Khalifa)

First line, take mine; I'm fine as fuck Love myself tonight and I think you can feel the same Moonshine, good time; babe, you're in luck Cause I will do whatever comes to mind, you'll go insane

Things I say don't usually come easily There's one thing I need you now to know about me

You know I'm under the influence So don't trust every word I say, I say When I'm under the influence It's a blur, but I want my way, my way You know I'm under the influence So don't trust every word I say, I say Sounds good without making sense It's a blur, but I want my way, my way When I'm under the influence

Take off, liquor
I feel the beat
Hold onto the floor but I keep spinning round and round
Swing me, baby, back on my feet
Hiding in the crowd; we're making love without a sound

Things I say don't usually come easily There's one thing I need you now to know about me

You know I'm under the influence So don't trust every word I say, I say When I'm under the influence It's a blur, but I want my way, my way You know I'm under the influence So don't trust every word I say, I say Sounds good without making sense It's a blur, but I want my way, my way When I'm under the influence

Boy meets, boy meets, girl meets, girl This is the best place in the World, /3x
