

# Travis Scott, goosebumps (ft. Kendrick Lamar)

I get those Goosebumps every time  
You come around  
You ease my mind  
You make everything feel fine  
Worry about those condoms  
I'm way too numb  
It's way too dumb  
I get those Goosebumps every time  
I need the Heimlich  
Throw that to the side  
I get those Goosebumps every time  
When you come around  
When you Throw that to the side  
I get those Goosebumps every time

7-1-3 to the 2—8-1  
I'm riding  
Why they n me /2x  
I'm flying, sipping lowkey  
I'm sipping lowkey and Onyx  
Rider, rider  
When I;m pulling up right beside you  
Popstar, Lil Mariah when I text a cute game  
Wildness, throw a stack on the Bible  
Never Snapchat or took Molly  
She fall through plenty  
Her and all her gunnies  
We at the top floor  
Right there off the Nehhy  
NO, I can't fuck with you all  
Yes, when I;m with my squad  
I cannot do no wrong  
Saucing in the city  
Don't malformed  
They gon' pull upo on you  
Yes, we gon do some things  
Some things you can't relate  
Yes, form we from the place a place you cannot stay  
You can't go  
I don't know  
Back the fuck up off me

I get those Goosebumps every time  
You come around  
You ease my mind  
You make everything feel fine  
Worry about those condoms  
I'm way too numb  
It's way too dumb  
I get those Goosebumps every time  
I need the Heimlich  
Throw that to the side  
I get those Goosebumps every time  
When you come around  
When you Throw that to the side  
I get those Goosebumps every time
