

Travis Scott, goosebumps (ft. Kendrick Lamar)

I get those Goosebumps every time
You come around
You ease my mind
You make everything feel fine
Worry about those condoms
I'm way too numb
It's way too dumb
I get those Goosebumps every time
I need the Heimlich
Throw that to the side
I get those Goosebumps every time
When you come around
When you Throw that to the side
I get those Goosebumps every time

7-1-3 to the 2—8-1
I'm riding
Why they n me /2x
I'm flying, sipping lowkey
I'm sipping lowkey and Onyx
Rider, rider
When I;m pulling up right beside you
Popstar, Lil Mariah when I text a cute game
Wildness, throw a stack on the Bible
Never Snapchat or took Molly
She fall through plenty
Her and all her gunnies
We at the top floor
Right there off the Nehhy
NO, I can't fuck with you all
Yes, when I;m with my squad
I cannot do no wrong
Saucing in the city
Don't malformed
They gon' pull upo on you
Yes, we gon do some things
Some things you can't relate
Yes, form we from the place a place you cannot stay
You can't go
I don't know
Back the fuck up off me

I get those Goosebumps every time
You come around
You ease my mind
You make everything feel fine
Worry about those condoms
I'm way too numb
It's way too dumb
I get those Goosebumps every time
I need the Heimlich
Throw that to the side
I get those Goosebumps every time
When you come around
When you Throw that to the side
I get those Goosebumps every time
