

Travis Scott, Piss On Your Grave (ft. Kanye West)

I use your face as a urinal
Then do the same at your funeral
Piss on your grave /8x
This one here for the executives, fuck you and all your relatives
Piss on your grave /6x
Nigga behave, nigga behave, nigga behave

Us niggas, we can't behave
We mobbed on the pave
Got treated like slaves
Young niggas treated like slaves
This the moment I've been waiting for
This why I moved to Cali, stepped outside and got shaded for
Told momma, "Bitch, get back in the door"
I've been coming up and down, a nigga can't take no more
Kamikaze over commas
Benjamins, dividends stuffed in my jeans
I can't fit in
Poppin' pills since droppin' Ritalins
Pop a penicillin, nigga you gotta get with it
My, my, my, my, look at little Scotty now
The same fuckers that used to doubt
All preaching that they proud of
I pull my zipper down and whip it out

[Kanye West:]
Piss in your grave /2x
Turn this up teacher, play this in the third grade
In the third grade
Can't hide from the truth, yeah we're about to go ape
We bout to go ape, these streets is not safe
These niggas ain't playing /3x
This for my fam
This for the fam, do this for the fam
Hop outta the lamb, hop onto the gram
What the fuck was you saying?
Piss in your grave, piss in your grave
Piss in your grave, I'll piss in your face
I'll piss on your bitch, I'll piss on your date
Fuck is you saying? /3x
Me and La Flame
Is you not entertained?
