

Travis Scott, Stargazing

rollin /3x
got me stargazing
sippin' op purp
feeling like the Barre Baby
it's lit
whenever I down, it got me crazy
psychedelics got me going crazy

always tray to zero in the lean
girl, you're taking reckless
save my life
girl look at the sky
down on my knees
straight up
out of nowhere
you come here to stay the night
in the night-time

rollin /3x
got me stargazing
psychedelics got me going crazy
New kids rebellin', they exceling
aren't they from tellin'
what you tellin'?
we propellant
on top with Elen
Getting jealous with propane repellent
on tour we'll tell 'em
we brought the section
they keep on colling up
it's getting hectic like we projected
so we cut the plug
he's getting checked in

rollin /3x
got me stargazing
sippin' op purp
feeling like the Barre Baby
it's lit
whenever I down, it got me crazy
psychedelics got me going crazy

always tray to zero in the lean
girl, you're taking reckless
save my life
girl look at the sky
down on my knees
straight up
out of nowhere
you come here to stay the night
in the night-time
