

Trippie Redd, 6 Kiss (ft. Juice WRLD, YNW Melly)

pourin up fours
mud in my cup
won't look at the past
it's behind us
fallin' on the bottomless pit
find up
life is a purge
sound of the sirens

do whatever I want
don't give a fuck
life my life
I got your wife
she my slut
she take nut
and now I am within it all
I am on a money run

I ain't got no opps
that stay inside
cause they scared of my gun
you all say she:
sah want a real one
I told her: come and find one
it's funny how you pussy
but you never been inside one
