

Virginia Coalition, Abbie Are You Endless?

Ge ready

Abby are you waiting
waiting on time to turn
all the words from other peoples heads
written down to figure out

I can see you searching
deeper than the other girls
but the words wont ever mean a thing dear
speak them out on your own

dont close your eyes till you die
dont close your eyes and I'll try
convince you to be somebody to me

Abby can you hear me
waiting on your heart to turn
all the love from other peoples heads
turn them down and hear me out

crazy in an envy
its deeper than the other boy
but my heart wont ever need a thing dear
if I got you for my own

dont close your eyes till you die
dont close your eyes and I'll try
convince you to be somebody to me

Abby are you endless
you got me and I wanna know
but the phone keeps ringing to no end dear
feeling down but never out

Abby are you endless
Abby are you in this
x4

Abby will you take me
honestly into sin
do you want to do me here
and when you do can you take me there

Abby will you take me
honestly into sin
do you want to do me here
and when you do can you take me there
