

# Virginia Coalition, Abbie Are You Endless?

Ge ready

Abby are you waiting  
waiting on time to turn  
all the words from other peoples heads  
written down to figure out

I can see you searching  
deeper than the other girls  
but the words wont ever mean a thing dear  
speak them out on your own

dont close your eyes till you die  
dont close your eyes and I'll try  
convince you to be somebody to me

Abby can you hear me  
waiting on your heart to turn  
all the love from other peoples heads  
turn them down and hear me out

crazy in an envy  
its deeper than the other boy  
but my heart wont ever need a thing dear  
if I got you for my own

dont close your eyes till you die  
dont close your eyes and I'll try  
convince you to be somebody to me

Abby are you endless  
you got me and I wanna know  
but the phone keeps ringing to no end dear  
feeling down but never out

Abby are you endless  
Abby are you in this  
x4

Abby will you take me  
honestly into sin  
do you want to do me here  
and when you do can you take me there

Abby will you take me  
honestly into sin  
do you want to do me here  
and when you do can you take me there
