

Years & Years, Sanctify

When I pray
When I
When I pray

in the night
you come to me
cause i'm the one who knows you are the one
Give me your confession saying
lately, life's been treating you apart
now

walk through the fire with you
cause I know how it can hurt
Being cut into and afraid

So don't break
Sanctify my body with pain
Sanctify the love that you crave
And I won't /3x
be ashamed
Sanctify my sins when I pray
When I pray

you don't have to be straight with me
I see what's underneath your mask
I'm a man like you
I breathe the rituals of the dancer's dance

and there's fire in you
and you know it's gonna hurt
being cut into
and afraid

So don't break
Sanctify my body with pain
Sanctify the love that you crave
And I won't /3x
be ashamed
Sanctify my sins when I pray
When I pray

you'll find redemption when all this is through
father, forgive me for finding the truth
love takes its toll on me
I'm just like you
maybe it's heavenly /2x

So don't break
Sanctify my body with pain
Sanctify the love that you crave
And I won't /3x
be ashamed
Sanctify my sins when I pray
When I pray
When I pray
